

Date: May 8th 2008

To whom it may concern:

This is to certify that that we have taken delivery to our full satisfaction of the 'Bomb Bay Sorter' project that was supplied to our Foothill Ranch Distribution Centre.

We have a 243 position Sorter that was installed on time and to specification by SDI Industries. We achieved our ROI in less than 1 year.

A team of high level professionals participated in the development and implementation of the project, which was delivered on time, fully meeting the agreed upon quality and functional specifications.

The equipment provided by SDI has been performing as expected, and has allowed us to carry on our normal operations without problems.

A handwritten signature in black ink, appearing to read 'Matt Ross', is positioned above the typed name and title.

Best regards,
Name: Matt Ross
Title: DC Operations Director
Company: Nike Inc.
