

STAGE STORES

BEALLS • PALAIS ROYAL • PEEBLES • STAGE

Date: May 8th 2008

To whom it may concern:

Stage Stores is proud to certify that that our 437,000 sq.ft. Jacksonville, TX Distribution Center has taken delivery, to our full satisfaction, of four (4) Tilt Tray Sorters, three (3) Bomb Bay Sorters, one (1) Hang Sorter and one (1) Carton Sorter. All have been designed and installed by SDI Industries.

Our 162,000 sq.ft. South Hill, VA Distribution Center, has two (2) Tilt Tray Sorters, one (1) Hang Poly-tube Sorter, and one (1) Shipping Sorter.

Now, we are near completion of a 202,000 sq.ft. Distribution Center in Jeffersonville, OH, which will operate two (2) Tilt Tray Sorters, one (1) Hang Poly-tube Sorter, and one (1) Shipping Sorter.

For over Ten (10) years we have partnered with SDI, in meeting agreed upon objectives and systems. They are a partner who we are happy to recommend to persons considering an investment in MHE technology.

The equipment provided by SDI has been performing as expected, and has allowed us to carry on our normal operations without problems.

Best regards,

Gough Grubbs
SVP Distribution/Logistics
Stage Stores, Inc.
